

Inward

A proactive way to understand your mental health.

Inward offers a private, structured
starting point for seeing patterns
that can be hard to notice alone.

PRIVATE / STRUCTURED / PRACTICAL

A mental health check-up that helps
you have more informed conversations
and take a clearer next step.

MENTAL HEALTH CHECK-UP

A proactive check-up for your mind.

Your body gets regular check-ups.
Your mind should too.

COVERED BY EXTENDED HEALTH INSURANCE

Direct billing for some providers is available.

Connect with your care coordinator to learn more.

BODY + MIND

Inward

What your check-up covers.

A comprehensive mental-health check-up that looks at the patterns, symptoms, and daily-life impacts that may need attention - before they become harder to manage.

COMMON CONCERNS COVERED

- **Anxiety & persistent worry**
Including panic, rumination, and stress responses.
- **Depression & low mood**
Changes in mood, motivation, and enjoyment.
- **Burnout & chronic stress**
Energy depletion, pressure, and work-life strain.
- **OCD concerns**
Obsessive thoughts, compulsions, and uncertainty.
- **ADHD & attention concerns**
Focus, organization, and everyday functioning.
- **Mood disorders**
Mood variability and emotional regulation patterns.

200+ additional outcome signals / 233+ in total
including sleep, trauma, relationships, wellbeing, and more.

A modern mental health check-up.

A proactive, innovative approach uses structured questions and psychometric assessment methods to see the whole picture - not just one symptom at a time.

HOW IT WORKS

- 01 Connect with your care coordinator**
Ask practical questions and understand your options.
- 02 Complete your private check-up**
Move through the questions at your own pace.
- 03 See the whole picture**
Bring relevant patterns into clearer view.
- 04 Choose an informed next step**
Have a more focused conversation about what comes next.

A structured starting point

This check-up does not automatically provide a diagnosis.
Clinical interpretation and care are provided separately by a qualified professional.

Covered by extended health insurance / Direct billing for some providers
